

PRODUCT DESCRIPTION:

ACTIUM is a newly developed and patented 'Active' maintenance cleaner and degreaser that lifts and suspends all soil and grease contamination from the pores of mineral and epoxy surfaces. When used as part of a regular floor maintenance program, it will leave the surface clean and residue free, greatly improving surface traction. *Actium* dries clear and without leaving streaks or hazy residues on the surface and may not require rinsing when used as part of a regular maintenance programme. *Actium Professional* is scent free, contains no Phosphates, Butyl or Bleaches. .

RECOMMENDED FOR USE ON:

Surfaces that have been treated with Y-Slip formula, to maintain optimum performance and anti-slip properties. Although *Actium* is designed not to harm most water safe surfaces, it is always recommended to test this product on the intended surface before approving for use.

SURFACE PREPARATION:

Sweep, dust mop or vacuum to remove any loose debris, dirt and dust.

DIRECTIONS FOR USE:

FOR REGULAR FLOOR MAINTENANCE: (1:40) Dilute 32 ml (2 capful) of *ACTIUM* into 1 litres of clean water. Use a clean mop to spread the solution liberally over the

floor area. Damp mop away any puddles and allow area to dry. The cleaner will dry clear on floors and surfaces that are maintained on a daily basis.

FOR DAILY CLEANING: (1:60) Dilute 16ml (1 capful) of *ACTIUM* into 1 litres of clean water. Spread the solution liberally onto the area and allow it to stand for a few minutes. Damp mop away any puddles and allow area to dry.

FOR HEAVY SOILING: (1:20) Dilute 48ml (3 capfuls) of *ACTIUM* into 1 litre of clean water. Spread the solution liberally over the floor. Use a stiff nylon brush or scouring pad to remove any stubborn dirt. Damp mop away any puddles and allow the area to dry.

AUTO SCRUBBER: (1:120) Dilute 16ml (1 capful) *ACTIUM* into 2 litres of clean water.

SPECIAL NOTES:

- Keep away from children.
- Keep this product from freezing.
